

LARGE CROWDS HEAR PINCHOT

We Made Visits to Shops and
The Factories

RECEPTION IS ENTHUSIASTIC

Mill Men and Factory Employees
Turn Out in Large Numbers to
Hear Pinchot — Expressions Such
as "I Hope You Beat Penrose" are
Common.

Philadelphia, June 24—Gifford Pinchot, opening here today by taking his fight against Penrose to the gates of the mills and making a direct plea for good government to the workers. He shook hands with thousands and spoke to thousands more. He was given an enthusiastic reception at every point.

The day was one of the most strenuous that Pinchot has yet spent in this present campaign. The candidate was up at five o'clock and out at the gate of the American Engineering company's mills at six. Twelve hundred workmen at this and adjoining mills had a chance to see the candidate. A committee of workers introduced the men to him.

At noon Pinchot went to the Stetson hat factory. The streets were crowded when he arrived, news of his coming having preceded him. He made a short speech to the workmen assailing the anthracite coal trust and declaring that the state has the right to regulate prices. The crowd that wanted to see and hear Pinchot was so great at this mill that the candidate was forced to stay there the better part of an hour.

From Stetson's factory he went to the Frankford Arsenal where three shifts of men are working. Pinchot spent the afternoon at the works, meeting the men at the gates. He was forced to speak there because the men were so insistent on having a few words from him.

In every one of the mill centers that he visited the workmen greeted him with such expressions as "I hope you beat Penrose," "We're against Penrose here," "I hope you win." The defeat of the workmen's compensation act was a live subject of discussion between Pinchot and the workmen, the men holding Penrose and the machine responsible for the defeat of that legislation.

The results of the visits to the mills today was so gratifying that this style of campaigning will be continued all through the summer, the candidate meeting the workmen early in the morning at the mill gates in every town he visits.

LEWIS-RICHARDSON

Well-Known Couple Are Married at
Houtzdale.

Holy Trinity Episcopal church, of Houtzdale, was the scene of a very pretty wedding at noon Wednesday, June 24th, when Miss Margaret Richardson, and William Lewis, were united in holy matrimony by the Rev. Carol Nevada Smith. The bride and groom were attended by Miss Margaret Lewis, sister of the groom, and Robert Richardson, brother of the bride. The bride was attired in a handsome dress of white satin with lace overdress and veil. The bridesmaid wore a beautiful dress of white voile and each carried large bouquets of roses.

The bride is a daughter of Mr. and Mrs. Thomas Richardson, of Utahville, and is a very estimable young woman. After a wedding dinner the bride and groom departed for a wedding tour. Upon their return they will reside at Utahville.

Killed at Stanley.

An unfortunate accident occurred at Stanley mines Thursday morning which resulted in the death of E. J. Brent, the motor superintendent of the mines. Mr. Brent was engaged at his accustomed duties, and in some unaccountable manner he fell in front of a trip and was run over and dreadfully mangled. He lived but a short time. He was 46 years of age and leaves a wife and two children.

Rev. Beebe to Preach.

Rev. A. J. Beebe, former assistant pastor to Dr. Fife in Clearfield six years ago, and who has been a missionary in Siam since leaving Clearfield, will preach in the Presbyterian church Sunday morning and will be present at the Reedsville chapel Sunday afternoon.

PARTY AT WOLF RUN

Friends of Miss Anna Irvin Entertained at Her Home.

Miss Anna Irvin entertained a party of young people, from town, at her home at Wolf Run last evening. The spacious lawn was lighted with lanterns and games were played there. Inside the house the furniture was moved out of the two living rooms and the young people danced there. A delightful supper was served.

The Irvin farm is a beautiful place and everyone wished that they might stay a week rather than an evening. Everyone was given leave to take some of the beautiful roses that grew in abundance.

The guests were: Misses Ruth Clark, Catherine Stewart of Pittsburg, Mary Mann, Laura Bailey, Nora Wall, Ada Knight, Francis Snook, Ethel Homer, of Philipsburg, Ella Drew, Mary Ogden, Gertrude Dougherty, Catherine Rensnyder, Grace Barrett, Preston Knight, Clark Kittleberger, Cress Drew, Hazard Chase, Mr. Deidler, George Barger, Charles Blythe, Lynn Stewart, Lloyd Owens, Martin Stevenson, Helen and Susanna Fulington, and Helen McCorkle.

LEG BROKEN IN RUNAWAY

East End Boy Has Leg Broken in Accident This Morning.

Kenneth Shangro the 4-year-old son of Otto Shangro, of East End, had his leg broken in a peculiar accident this morning, and a brother, four years older, escaped serious harm when the wagon in which they were riding was overturned.

The two boys were riding in Gifford's delivery wagon, which was drawn by a team of mules. The outfit was going down Sixth street, into No. 2 brickyard, when a work train on the Pennsy frightened the animals. They swerved sharply to one side, upsetting wagon, boys and groceries. The younger Shangro boy became tangled in a wheel, and was dragged for some distance. The tongue of the wagon was broken, and when the mules were released, the wagon ran into one of the brick kilns.

The injured boy was taken to George Breth's on Daisy street, and Dr. Gordon was called. After the little fellow's injuries had been attended to he was taken to his home.

Firemen to Meet.

A meeting of the 4th of July committee, will be held in the Fourth ward hose house this evening to arrange for the parade. All member urged to be present.

BIG MOOSE TELL T. R. THAT HE MUST RUN

Delegation Calls on Former
President at Oyster Bay.

New York June 26—Colonel Roosevelt was told by a delegation of some of the foremost moose in New York state at Oyster Bay that he must become the Progressive candidate for governor and that the Progressive party will not take no for an answer. He was told that his nomination is a public necessity, that he is the man "to clean up the state;" that if he won't enlist the party stands ready to draft him and that independents of all three parties stand ready to back him. In the party which went down to Oyster Bay were Theodore Douglas Robinson, chairman of the Progressive state committee; Francis W. Bird, chairman of the New York county committee; George W. Perkins, chairman of the executive committee of the national committee, and others.

When Progressive leaders heard from Colonel Roosevelt's own lips the statement "I will not run for governor" they were amazed, as most of them believed, from information they possessed of what had transpired in party councils before the colonel's departure that the cables from abroad had been untrue.

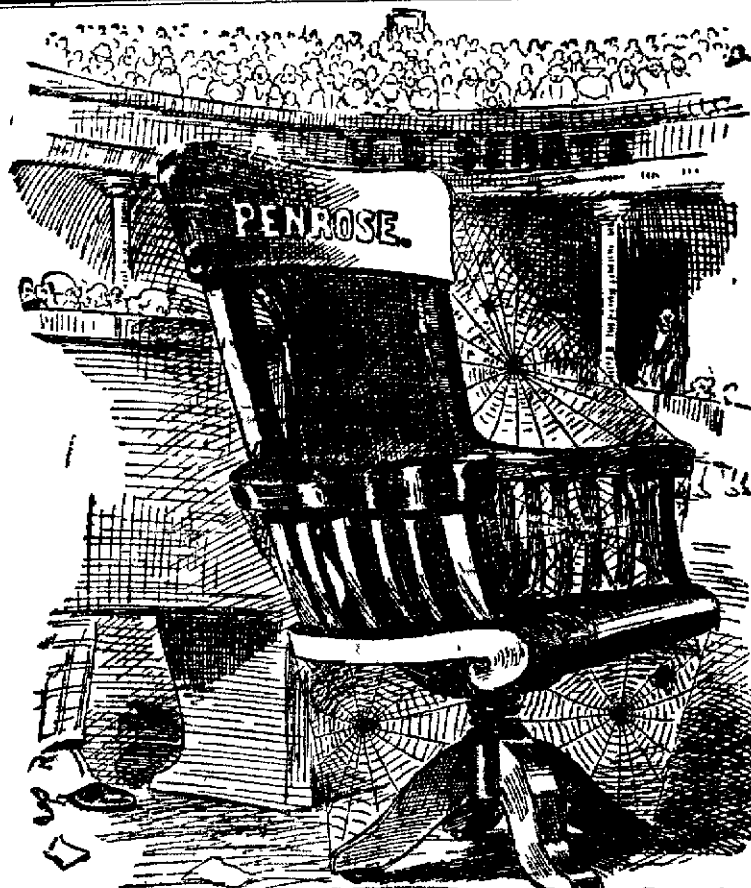

The sentiment among leaders after reading what he said as he reached port is "that's all right, but you've got to run."

So they told him that he must run; that it is his duty and a public necessity.

"WHERE IS OUR WANDERING BONES-TO-NIGHT?"

"Senator Penrose was continuously absent from the United States senate since the first week in January, according to the clerks of the senate. Official records show that he has not voted on a single measure that has come before the senate since the holiday recess. He is now known as the 'persistent absent senator from Pennsylvania.'"—Public Ledger, June 13.

VILLA'S VICTORY AT ZACATECAS

Battle Most Sanguinary of
Revolution.

DISASTER FOR HUERTA'S MEN

Federal Losses 4,000 Killed, 2,000 Wounded and 5,000 Prisoners, According to Villa's Report—Twelve Cannon, 9 Military Trains, 6,000 Rifles and Much Ammunition Captured.

Zacatecas, Mexico, June 26—After four days of preliminary fighting the final assault on Zacatecas took place on Tuesday, resulting in the capture of the city by the Constitutionalists at 7:30 p. m.

The dead on the federal side, according to official figures, numbered 4,000, and 2,000 were wounded, while the losses to the attacking side were not stated definitely, though General Villa estimated his casualties at 300 dead and 800 wounded. The battle is regarded as the most hotly contested of the present revolution. Fourteen thousand federalists were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by General Villa's troops. Twelve cannon, nine military trains, 6,000 rifles and three carloads of cannon and rifle ammunition were captured.

The federalists are reported to have blown up many buildings of the city with dynamite before evacuating, killing those of Villa's troops who had occupied the buildings in the street fighting.

General Villa's Report.

General Villa himself gave the following account of the battle.

"After four days' hard attacks came the decisive one. The enemy, numbering 14,000, commanded by Medina Barron and five other generals, were defeated completely by my forces, which were aided effectively by General Natera's men. Up to this moment we have 5,000 prisoners, twelve cannon, nine trains, two carloads of rifle ammunition and cannon shells and nearly 6,000 Mauser rifles and a large quantity of provisions and other munitions of war.

"The enemy, who escaped, went in the direction of Aguas Calientes, after dynamiting the postoffice, the state treasurer's office and the stamp revenue office buildings. The explosions killed many of our men and destroyed part of the city. The dead of the enemy number about 4,000, and there are 2,000 wounded.

"On our part we cannot tell the losses of the battle, which lasted for five consecutive days, but I think there are not more than 500 dead and 800 wounded. Among the latter are Generals Herrera and Rodriguez, who were severely wounded. Our artillery operated splendidly. The federalists destroyed every fort, the last being El Grillo."

Mr. and Mrs. George Townsend, of Williamsport, are visiting Mrs. Townsend's parents, Mr. and Mrs. James Sutton, of Locust street.

COLIDED WITH AUTO

Jack, Little Son of Chas. Kurtz, Injured in Accident.

Jack Kurtz, the little son of Chas. T. Kurtz, was slightly injured near his home Thursday afternoon at about 4:30 o'clock, when the bicycle, which he was riding, collided with an automobile.

Young Kurtz was riding near the bridge, and the automobile, which is said to have been driven by Dr. Flugal, of Karthaus, was coming down Market street at a leisurely rate. The occupants of the car saw the boy on his wheel, but thought he was turning in an opposite direction, when he turned and encountered the automobile.

The boy was thrown to the street, and was seriously but not dangerously injured. He was taken to the hospital, and spent a restful night. An examination developed the fact that no bones were broken, and there were no internal injuries. He will be taken to his home today.

THE BOY SCOUTS

Another Beautiful Lithograph to Be Shown Here Soon.

J. Clark Boyer, of the Clearfield hill posting association has received another lithograph which will be shown on Clearfield boards in the near future. The picture is a companion subject to the ones previously shown. Former pictures including some of the most beautiful illustrations ever shown in this section.

The new lithograph shows the boy scouts and their activities. One panel shows a boy scout preventing boys from stoning an unfortunate dog; another panel shows a boy scout in the act of helping an aged lady over a dangerous crossing. The border of the remarkable lithograph shows the various lines of activities carried on by the boy scouts, and the picture will prove of interest to every youngster in town. It is of remarkable educational value.

WILL GO TO OSCEOLA

A Number of Clearfield Ladies Expect to Attend Meetings.

A number of Clearfield ladies are planning to go to Osceola Mills this evening, to attend the evangelistic meetings being conducted there by Rev. Johnson and his party.

Tonight a special service for women will be held, and the ladies of Clearfield have been given an invitation to be present. Quite a number have signified their intention of going. The party will leave here on the 7:00 train and will return after the meeting on the regular train.

CONFIRMED CHARGE OF UNDERSTANDING

Brumbaugh and Penrose Stand
Hand in Hand

Philadelphia, June 25—A. Nevil Detrich, chairman of the Washington party has issued the following statement following the statement made in Washington Tuesday by Senator Boies Penrose:

"Senator Penrose has confirmed the charge I made more than a week ago that there is an understanding between him and Doctor Brumbaugh as to the conduct of the campaign. Penrose said: 'Doctor Brumbaugh and I will appear together at a number of meetings.'

"This is proof of the understanding. My original information that 'They would stay apart on the stump,' seems, in the light of the Penrose statement, to have come from those closer to Doctor Brumbaugh than to the senator. It is likely that each misunderstood the other, although all reports of their conferences would make it appear that it was a very harmonious affair. Then Mr. Tilden, who did such magnificent work for Mr. Taft two years ago, has emphatically said that everything was lovely between the two Republican candidates and that they would appear together on the stump.

"It would seem to me that Doctor Brumbaugh owes it to the people of the state to speak out and not permit his political manager, Mr. James S. Hiatt to sidestep the reporters and refuse to give them the news that the state is waiting for. There are people in the state who refuse to believe that Doctor Brumbaugh is covertly allied with Penrose and his liquor and machine forces. These people have a right to hear from Brumbaugh."

HIGHWAY ROBBERY

Two Men Held Up Patrick
Near Leonard Creek
Would-be Robbers Shot, One
Captured by the Police
Last Evening.

Two arrests were made by the local police department yesterday which reflect considerable confidence in the force, when Anthony Haffner and cent Sharp were indicted for charged with attempted highway robbery. The crime with which the charged was one of the heaviest attempted in this place.

Last Saturday evening about 8 o'clock, Patrick Barry, after some money in Joseph's pocket, was followed by two men to a garage near the Leonard creek where he was. One of the men stepped up to him, and with a piece of bandage from the sidewalk, knifed him. The blow stunned Barry for a moment, and when he looked to his the would-be robbers made their escape.

The police believing that Barry and Sharp were the guilty parties watched them, and finally were recaptured Thursday evening on Valley avenue. After his arrest, it is reported that Barry made a full confession implicating Sharp, who was later reported at the the work.

The arrests was a clever piece of work on the part of Chief Haffner, and men Aldley and Constable Haffner.

Barry, when he stood up the night was not certain that they were the men who had followed him with the intention of robbing him of his money, but the confusion appears to settle the matter beyond doubt.

A PLEASANT AFFAIR

Festival Given by Epworth League
Was Well Patronized.

The festival given by the members of the Epworth League of the Methodist Episcopal church last evening was a pleasant affair, and well patronized by the young people and friends of the church.

Ice cream and cake was served, the sum of ten cents, and a very large amount of money was realized, but the festival was not held for the express purpose of making money. Each year the Epworth League gives two or three social affairs, of which are free. Last evening's festival was held on the broad porch which afforded a delightful place for the entertainment.

Prof. H. Clark Thorpe's excellent chivalry the occasion with much.

Alex Bell Has Taken Agency for the
Popular Car.

Alex. Bell, of West Clearfield has taken the agency for the Buick car which is very popular in every section of the country, and in which promises to become well known in Clearfield.

Mr. Bell recently sold a car to Miss Smith V. Wilson. The car was delivered to her last Saturday, and is attracting the favorable attention of car-driving public.

Entertained Young People.

Miss Augusta Mitchell entertained a number of her friends at her home last evening. They were: Ann Miller, Della Boehm, Katherine Miller, Helen Fullington, Emma Sylvia Kramer, Katherine Thayer, Ham Kennard, Tow Warren, of Philipsburg, Frank and Lillian Shugart, Wilson and William Brumbaugh. Delicious refreshments were served, and games played and everyone thoroughly enjoyed themselves.

Kane's Largest Gas Gun.

Kane, Pa., June 25—A 12-gauge foot gas well was drilled in this afternoon on the Kaney lease at Kane, 10 miles south of Kane. The gas is unquestionably the largest with the exception of the famous Kaney well at Wellmore, over 2,000 feet in this section.

The well is owned by the Standard Oil and Gas Company of Standard. It was struck at a depth of 2,000 feet.

IMPORTANT DATES.

Two-day celebration of the Fourth
of July in Clearfield, July 3 and 4.
National Star Spangled Banner
centennial, Sept. 6 to 13.
Labor day, September 7.
Columbus day, October 12.
Thanksgiving day, November 26.
Christmas, December 25.
General election, November 3.

WHAT?

What is your private opinion of
this summer weather?

Good evening! You can help to
make the Fourth of July celebration
a success, even if you do no more
than quit knocking those who are
doing what they can to make it a
success.

LABOR'S FRIEND.

Both of the Washington candidates
for office—William Draper Lewis, for
governor, and Gifford Pinchot, for
United States senator—have proven
themselves the earnest and honest
friends of the workingmen. These
candidates do not talk for effect when
they urge the passage of laws for the
advancement of the interests of the
laborer. Both of them are honest
when they declare that the condition
of the workingmen should be improv-

ed.
Too often the workingmen have
been deluded into false hope through
the hypocritical promises of candi-
dates for office. Too often the wage
earner has been fooled by the false
promises of men who sought office
for the salary attached thereto, not
because they desired to be in a posi-
tion to advance the interests of the
people. Lewis and Pinchot are not
to be classed with such hypocrites.
They believe that it is the duty of
every public officer to see that the
workingmen receive their just dues,
and if elected these candidates will
not disappoint those who place faith
in their honesty and integrity.

A FILTHY HABIT.

Spitting on the sidewalk is at once
a filthy and unwholesome habit. It
is filthy because the spittle on the
walk is disgusting to the eye, and it
is unwholesome because the expecto-
rations from the mouths of those
who are affected with disease germs
tend to spread contagious and infec-

tious diseases. Physicians know that
spitting on the sidewalk is a prolific
source of disease.

Clearfield has an ordinance on the
statute books which prohibits spitting
on the sidewalk. This ordinance was
adopted by borough council in 1908,
six years ago, and if it has been en-
forced against offenders since then
the writer is not aware of it. The or-
dinance prohibits spitting on the side-
walk and provides a penalty for viola-
tion of the law of one dollar for each
offense. If the fine is not paid within
ten days after conviction the offender
may be committed to the lockup for a
period not exceeding eight hours and
not less than four hours.

In nearly all of the cities and towns
of the state the anti-spitting laws are
enforced. In those towns the citi-
zens are taught to walk to the curb
and expectorate when necessity de-
mands, and the sidewalks are free
from filth of this nature. It would
require but a few arrests and the im-
position of but few fines to teach
those who indulge in the filthy practice
of spitting on the sidewalks in Clear-
field to teach them a much needed
lesson. We refer this matter to Bur-
gess Callahan.

After Huerta, what? Why, Villa and
then Carranza. Every one of the Mexi-
can cutthroats must be eliminated be-
fore peace will come to that na-
tion.

From the noise they make at night
it is evident that the dog catcher did
not corral all of the worthless curs in
this town.

RECOMMENDATIONS OF
CONCILIATION BOARD

Commissioners Report on West
Virginia Situation

Following are the recommendations
of the commissioners of conciliation
who took under advisement the strike
situation in West Virginia:

To the Miners and Operators of the
Kanawha District of West Virginia,
who are now in dispute and whose
mines are idle and men are on
strike:

We, the undersigned, Commission-
ers of Conciliation, duly appointed by
the Secretary of Labor, recommend:

First. That the mines resume at
once and the scale of 1912 be renewed
for a period of two years, for the rea-
son that we do not believe that there
should be any change made in the
terms and conditions of that agree-
ment at this time or under the pres-
ent business conditions.

In the event that either party is un-
willing to adopt this recommendation
we would then recommend that the
miners return to work at once under
the following conditions:

First. That the same wages be paid
as were paid when the mines were
closed down.

Second. That the operators pay the
check-off for dues and assessments,
not to exceed \$1.10 in any one month,
to the treasurer of the Local Union of
the United Mine Workers of America,
deducting the same from the wages of
their employees for whom a scale
agreement is made, when authority for
such deduction is made in writing and
releases the company from liability.

Third. That a commission consist-
ing of three persons, one to be se-
lected by the miners, one by the op-
erators, these two to select a third,
and, in the event of their failure to
select a third, then ten days from
date the third member to be appoint-
ed by the Secretary of Labor from a
list of five names jointly agreed up-
on to be transmitted to him within five
days from the date of this recom-
mendation, and, in the event that no
list is transmitted the Secretary of
Labor shall then appoint the third
member of the commission; this com-
mission shall be empowered to inves-
tigate and determine the actual wages
paid for all classes of labor, and the
tonnage rates, including such yardage
as was provided for in the last scale
agreement, in any and all mines which
mine the same grades and character
of coal, and which ship to the same
markets at the same freight-rate in
competition with the coal mined by the
operators of the Kanawha district of
West Virginia.

Fourth. The commission shall also
be empowered, upon completion of its
investigation, to fix the wages for all
such labor, and tonnage rates, in-
cluding yardage, which shall be paid
by the Kanawha Operators' Associa-
tion to the miners in their employ dur-
ing the life of a scale agreement
which shall be immediately entered
into by the Kanawha Operators' as-
sociation and the United Mine Work-
ers of America, District No. 17, upon
receipt of the findings of a majority
of the commission.

Fifth. The commission shall render
a decision within thirty days after its
selection and the expenses of the com-
mission shall be paid jointly by the

United Mine Workers and the Kana-
wha Operators' Association.

Sixth. The scale agreement signed
upon receipt of the decision of the ma-
jority of the commission shall be re-
troactive and cover the wages paid
from the date of resumption.

We also recommend that rules shall
be formulated in the new contract
which shall provide for the settlement
of disputes which may arise through
commissioners from the parties to the
contract, who failing to settle a dis-
pute shall refer the matter in dispute
to a board of arbitration; and that
a further rule shall be made which
shall enforce the carrying out of the
contract by both parties thereto.

Respectfully submitted,
CHAS. W. MILLS
PATRICK GILDAY
A. L. FAULKNER
Commissioners of Conciliation.

ANOTHER LODGE NIGHT

Mystic Chain Night at the Tabernacle is Well Attended.

The tabernacle was filled as usual Thursday night when Rev. Johnson preached to the Knights of the Mystic Chain. These knights, before coming to the tabernacle, led by the Osceola band, marched around Curtin street and over Lingle street and then to the tabernacle, where seats had been reserved. The lodge had requested that the choir sing, "All Hail, Immanuel," which they did in a splendid manner. The order then sang, "Blest Be the Tie That Binds."

Mr. Johnson never preached a more helpful sermon than the one that followed the musical opening. He preached on "Old Belshazzar's Feast," reading it on the text, "Thou art weighed in the balances and art found wanting."

In his sermon he asked that his audience think of four classes of people, "the most moral man you know," "the worst infidel you know," "the biggest church fraud you know" and "the worst man or woman you know in Osceola Mills." He proved by the Word of God that these people will be weighed in the balances of life and will be found wanting unless they amend their ways.

After the sermon Rev. Johnson and Prof. Weaver sang that most beautiful song, "Over the River," in a very impressive manner.

When the invitation was given, about 15 people came and surrendered to Christ.

Tonight the service will be for "women only." Reservations for seats have been made from Houtzdale, Philipsburg and Sandy Ridge, and the parade promises to be one of the best of the campaign.

Among the visitors at the tabernacle meetings yesterday were Rev. John Glenn, pastor of the M. E. church at Philipsburg, and Rev. Hartman, pastor of the M. E. church at Tyrone.

ONE DEAD; TWELVE HURT.

Motorman Lost Control on Incline and Trolley Jumped Rails.

Lorain, O., June 26.—One man was killed, another probably fatally injured and eleven others hurt when a Lake Shore Interurban car jumped the rails near here.

Elias Bopp, motorman, Norwalk, O., was crushed under the car and instantly killed. Irvin Brooker, Lorain, riding a motorcycle alongside, was crushed. He is lying in St. Joseph's hospital.

The motorman is supposed to have lost control as the car, running "special" from Vermilion to Beach Park, descended an incline.

LARGE CHINESE CITY SACKED.

Kalgan, Near Great Wall and on Caravan Route, Looted.

London, June 26.—The town of Kalgan, 125 miles northwest of Peking, was sacked. Foreigners in the city were not harmed. Dispatches give no details of the looting of the city or as to the fate of the Chinese troops stationed there.

Kalgan is an important commercial city of more than 60,000 inhabitants, situated on the caravan route to Siberia and near the Great wall.

Results of Villa's Victory.

El Paso, Tex., June 26.—The taking of Zacatecas by Villa's troops places the entire northern part of Mexico and much more than half of the republic's territory in the hands of the Constitutionalists. It marks another stage in the race of three rival Constitutional leaders to Mexico City.

General Villa, from Zacatecas, probably will move against Aguas Calientes almost directly to the south, whence the remnants of the Zacatecas garrison retreated.

Belva Lockwood Injured.

Washington, June 26.—Miss Belva A. Lockwood, the only woman who ever ran for the presidency of the United States, fell in her office here and suffered a broken arm and shoulder. Miss Lockwood is eighty-four years old, but her physicians said she would recover unless complications set in.

The Weather.
Cooler, with probable showers, light variable winds.

BOGGS.

Mrs. George Wisor was a town visitor on Wednesday.

John A. Wisor was one of a party who went to Portersburg fishing on Saturday night. They spent a very pleasant evening, returning in the wee small hours of the morning and every fisher had more fish than was easy to carry.

Ellis Haines wears broad smiles since a girl has arrived.

SERVICES AT OSCEOLA

Interesting Meetings Planned for the Coming Week.

This has been a full week at Osceola Mills. Almost every night was taken by some special program and every one displayed deep interest by turning out and adding interest by their presence.

Tuesday night was P. O. S. of A. night. On that night a special train was run from Ramey, and Houtzdale, bringing the members of the lodges from those towns. There were representatives present from Philipsburg, Sandy Ridge, and together with the members of the home lodge they made a splendid parade. The Osceola band met them at the train and they paraded before going to the tabernacle. The band played a selection of national airs in honor of the patriotic sons.

There was also a delegation from Mt. Union to which place the evangelistic party goes after their summer vacation. The representatives from Mt. Union were Rev. Wilcox, minister of the M. E. church; Rev. Todd, of Presbyterian church Mr. Welch, editor of Mt. Union Times and Mr. Ewing business man. These gentlemen were greatly pleased with Rev. Johnson and are eagerly awaiting his arrival among them.

Thursday night, June 25th, the Knights of Mystic Chain attended the meeting in a body.

Friday night, June 26th, will be women's night. On that night Evangelist Johnson will speak to ladies only at 7:30. An invitation has been given to the ladies of Clearfield, Tyrone, Philipsburg, Houtzdale, Ramey, and wherever there are ladies that want to attend to be present and hear Rev. Johnson. There will be a parade of ladies before the meeting at the tabernacle.

Saturday night, June 27th, the children's booster choir will sing for the audience. These young people have gained the hearts of every one who has heard them. Prof. W. W. Weaver, their able director has wonderful control over the young folks, his wonderful personality seems to control them and there is very little confusion if any when they are on the platform. Everyone come and hear the little boosters, for they certainly boost any meeting in which they sing.

Sunday morning at 10:30, Rev. Johnson speaks at the tabernacle.

Sunday afternoon at 3:00 the evangelist will speak to men only in the tabernacle. Arrangements have been made to have the railroad men and the shop men attend in a body at this meeting.

At the same hour in the M. E. church Mrs. Johnson will speak to the ladies.

Sunday night at 7:30 Rev. Johnson again speaks at the tabernacle.

Monday is rest day for everyone.

Tuesday, June 30th, the united body of miners will attend the services in a body.

Wednesday, July 1st, will be Odd Fellow's night. On that night a special train will run from Ramey and Houtzdale, bringing the friends from those towns.

Thursday, July 2nd, will be Red Men's night.

Wednesday, July 8th the Knights of Malta will attend in a body.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys Occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, say a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

LIST GROWING

Parade Participants Should Register With Committee at Once.

To every member or participant of the big parade, July 4.

Nearly two weeks has passed since our registration began, since which time information has reached your committee that in a number of cases where but one float was anticipated two and three are being prepared and will be in the parade. Others have changed from horses to automobile. These changes and additions necessitate an entirely new list.

The feasible parade ground in Clearfield is from Walnut on the south to Reodon the north, including Front, 2nd, 3rd and 4th streets accommodating at one time not over 1½ miles of parade. With many six horse floats and large automobiles, ample room must be arranged and provided for at any and all corners to prevent accidents, giving absolute security to all who join in this celebration as well as those who view it.

A practical route must be outlined and advertised, a sufficient number of aids secured and the Burgess given ample time to provide police protection. To do this systematically and to the best interest of everyone concerned, it is desired and urgently requested that every participant in the big parade will register with the committee before Monday, 10 P. M., June 29, at their headquarters, on North Second street.

If inconvenient to call, please mail postal stating number of floats, size horses, or auto.

Wednesday, July 1, you will be notified of your division, the street and time of formation. Every member will be expected to be in position to move with his division. The parade will move at the hour and minute we advise.

It will be the largest, most representative showing ever seen in this section of the state, hence our early warning of promptness, that it may be thoroughly successful in every detail.

NEW WITNESS IN MRS. ANGLE'S CASE

Police Say Divorcee Had Row
With Ballou In Auto.

MANY POINTS TO CLEAR UP

Woman Held as Witness Passes Restless Night—Her Wealthy Father to Spend Fortune to Establish Her Innocence—Friends Scout Talk of Foul Play.

Stamford, Conn., June 26.—Mrs. Helen M. Angle, wealthy divorcee, held without bail as a material witness in connection with the mysterious death of Waldo R. Ballou, prominent manufacturer and politician, was a witness at the inquest just begun and was ready to tell the coroner's jury everything as to how Ballou met his death by a fall after leaving her apartment.

A mysterious young man, said to be prominent in Stamford, was located by the police and will be an important witness at the inquest. He is said

Mrs. Helen M. Angle.

to have accompanied Mrs. Angle, Ballou and another woman on an automobile party on the afternoon preceding Ballou's death. It is understood he will tell of the quarrel in the automobile, which caused Ballou to begin drinking.

The preliminary session of the coroner's inquest brought out several pieces of testimony favorable to Mrs. Angle, chief of which was the testimony of Dr. George Sherrill that the large fracture in Ballou's skull might have been caused by a fall as well as by a blow from a blunt instrument.

In addition to this, it was testified that the largest amount of blood, which streaked the walls and stairs in the lower part of the building, was found on the landing where Mrs. Angle said she picked up the body.

The handsome divorcee hysterically protested her innocence while she clung to the arm of her father, Leonard Blumhert, retired coal merchant, as he tried to calm her by saying that the tragedy would be quickly cleared up. The father declared he would spend his entire fortune if necessary to establish his daughter's innocence and clear the mystery.

Chief of Police Brennan declared he had discovered some evidence of a startling nature in his overnight investigation.

Mrs. Angle declared Ballou met his death as a result of a fall down the stairway in the Rippowam building and denied emphatically any quarrel had preceded the accident.

"He had been drinking when he fell," said Mrs. Angle. "He had just left my apartment. I heard him fall and hurried downstairs. He was unconscious as I called him by name and shook him, but he did not answer."

Says She Feels Scandal.

"I was in a panic. My first thought was to tell the police. Then I thought of the scandal it would make. I decided to pick Ballou up and carry him down to the front door. I felt he would be found there in a few minutes. He was very heavy, but I managed to get him there."

Then I went back to my apartment

on the third floor and got a cloth and tried to wipe up the bloodstains. I found his straw hat on the stairs. I took this with me, and when I got in my apartment I found my skirt and waist had been splashed with blood. I put these articles in a chest."

Several thorough searches of Mrs. Angle's apartment have revealed no weapon such as would have been necessary to have caused the wound in the man's head.

Mrs. Angle's friends ridicule the idea of foul play, declaring there was no motive. Ballou had long been regarded as a suitor of the pretty divorcee.

TWO KILLED IN AUTO CRASH.

Four in Second Car Escape With Injuries.

New Brunswick, N. J., June 26.—Two men were killed and four people were injured when two automobiles collided on the Metuchen road.

The dead men, Frank Moore and Harry Carstens, both professional chauffeurs, were riding together in a powerful racing car owned by Conrad Seyboldt, a contractor for whom Carstens worked. William Taylor, assessor of Highland Park, with his wife, Miss Blanche Lucas, a neighbor, and Clementine Elkrude, who were in the other car, escaped with more or less serious cuts and injuries. Miss Lucas, whose leg was broken, was worst hurt. A dog, which was on the front seat with Mr. Taylor, was killed.

Mr. Taylor claimed he was on the right side of the road and that the racer from Perth Amboy tore down upon his car on the wrong side. The big car reared on end and turned over, catching its occupants beneath. Both men were unconscious when taken out. They were hurried to St. Peter's hospital, but their skulls were so badly fractured that they died within a short time.

YOUNG GIFFORD ON TRIAL FOR MURDER

College Student Facing Charge
of Killing Chauffeur.

Albany, N. Y., June 26.—The fight for the life of Malcolm Gifford, Jr., the Hudson society youth charged with the murder of Frank J. Clute, opened in county court.

Indications were that the trial would last a week or ten days. William Travers Jerome, counsel for young Gifford, expressed this belief. When young Gifford, in custody of the sheriff, reached the courtroom he found waiting for him his father, mother, brother, Benedict Gifford, and a young woman friend of the family, Miss Mary B. Gleason of Troy.

The youngster was dressed in a neat dark blue suit, and his whole appearance would suggest a college boy rather than a young man charged with murder. On his well formed face there was a look of sadness and just a glint of moisture in his eye. He was a little pale, but there was no trace of nervousness about him.

As his eyes rested on his mother he impulsively rushed toward her and kissed her twice. The mother mumbled something in his ear, and he shook his head and said in a low tone, "Yes." He then turned to his brother and finally to Miss Gleason. He did nothing more than nod to his father.

Suspicion that the father and son were at odds, however, was dispelled a few minutes later when the young man leaned toward the elder Gifford and talked with him for some time. The boy smiled now and then, but the father's face remained expressionless.

The courtroom was jammed long before the trial was called. Most of the onlookers were men, although there was a large gathering of women in the halls outside the courtroom. Young Gifford was the object of constant staring. His every move was watched by the crowd.

During the trial the Gifford family will stay at the home of Miss Gleason in Troy. They will motor back and forth to Albany each day.

If the work of selecting the jury is completed by Friday night the trial will go over until Monday; otherwise the court will sit on Saturday in an effort to have everything ready by Monday, when the taking of testimony will commence.

H. B. CLAFLIN CO. IN RECEIVERS' HANDS

Dry Goods House Owned by
Many Interests.

\$44,000,000 IS INVOLVED.

Suit in Equity Filed in United States District Court by Vice President of Company—Large Number of Interior Banks Held Concern's Paper—Twenty-five New York Banks Involved.

New York, June 26.—Receivers were named for the big wholesale dry goods corporation, H. B. Claflin company. The allied corporations, the Associated Merchants' company and the United Dry Goods companies, are not concerned in the proceedings. The receivers named are Joseph B. Martindale, president of the Chemical National bank, and Frederick A. Julliard. They were appointed by Judge Hand in the United States district court upon the application of John C. Eames, vice president of H. B. Claflin company. His claim was \$3,000 for money loaned. The papers were filed by Corbett & Stearns, counsel for Mr. Eames.

The complaint on which the receivers were appointed alleged that the corporations had liabilities of "several million dollars" and insufficient funds to meet maturing obligations. Richard Walling, representing the Claflin company, admitted the allegations of Mr. Eames' complaint and consented to the appointment of receivers.

The receivers filed bonds of \$500,000 each. The receivership had been anticipated in financial circles. Overextension of credit and business depression, causing customers to fail to meet their obligations, forced the failure. It was confidently asserted that the retail subsidiaries of the Claflin company will be taken care of. The Associated Merchants' and the United Dry Goods company and their controlled companies are not directly involved.

Petition in Bankruptcy.

An involuntary petition in bankruptcy was filed against the Claflin company shortly after receivers had been appointed in the equity suit. Gregg & McGovern filed the petition on behalf of the following creditors: Albert S. Bergerer, \$28,370; William Worth, \$3,181; John Muller, \$731. The three accounts were for money loaned.

The particular act of bankruptcy alleged in the petition was the consenting of the Claflin company to the appointment of receivers in the Eames equity suit.

It is stated that twenty-five or thirty big New York banks hold paper of the H. B. Claflin company and that probably 3,000 banks in different parts of the country handle business of the company. A meeting of the merchandise creditors of the big concern was arranged by the Merchants' Protective association.

Efforts to Avert Trouble.

The difficulties of the H. B. Claflin company, which have now culminated, have been a long time brewing, and efforts have been made to avert them

without success. Leading financiers were in conference endeavoring to accomplish this end, but the unsettled state of business and financial affairs made it impossible.

Liabilities Estimated at \$44,000,000.

Early estimates may prove an exaggeration, but the liabilities of the concern were placed as high at \$44,000,000 in well informed dry goods circles. At one time H. B. Claflin & Co. transacted the largest mercantile business of any house in the world. Its name was a household word. Its credit was the highest known. As a result the Claflin "endorsed bills receivable" became the standard for commercial paper in the country. Banks purchased them eagerly, and the bulk of outstanding obligations is understood to be of that character. In addition, there are heavy banking and mercantile obligations.

Claflin Issues Statement.

John Claflin issued the following statement:

The unprecedented shifting of trade centers in New York has caused great loss to many interests. In the case of the H. B. Claflin company the uptown movement of business has seriously curtailed our wholesale profits and has compelled us to rely mainly on the profits from financing retail stores throughout the country. Their rapidly extending business has occasioned large capital requirements, which we have not been able to meet. A receivership has therefore become necessary pending a readjustment of the affairs of the company. A plan of reorganization for the H. B. Claflin company will soon be presented, which we hope will prove acceptable both to creditors and stockholders.

The Associated Merchants company and the United Dry Goods Companies are not themselves borrowers of money. They are in exceedingly strong financial condition, and the success of their retail stores is assured.

Indictments against John P. White, president; Frank J. Hays, vice president; United Mine Workers, and seventeen others at Charleston, W. Va., nolle.

President Wilson agreed to receive on June 30 a delegation of 700 women suffragists representing the organized clubwomen of the country, headed by Mrs. Harvey W. Wiley. They will ask for his support of the suffrage constitutional amendment.

A jury in the circuit court, Jersey City, found a verdict of \$3,500 damages in favor of Mrs. Mary Mayer against Miss Margaret A. McGill, daughter of the late Dr. John D. McGill, for alienating the affections of her husband, Walter Mayer, a chauffeur in Miss McGill's employ.

Hereafter the traveler who hands a Pullman porter a quarter after being picked at with a whisk broom will be liable to a fine of from \$10 to \$1,000, the porter will be equally liable and the Pullman company will not escape if a bill introduced by Senator Works of California becomes a law.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD--END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty, Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now. Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane, which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Attorneys for prosecution and defense said they were ready to proceed with the trial of Malcolm Gifford, Jr., son of a wealthy manufacturer of Hudson, on the charge of slaying Frank J. Clute, an Albany (N. Y.) chauffeur on April 1. District Judge Addington is presiding. Gifford, always cool and tactful, declared that he would enter college this fall. With this end in view he has been studying in prison since his arrest last April. His parents, who arrived in Albany, also expressed confidence in the result.

LARGE CROWDS HEAR PINCHOT

We Made Visits to Shops and
The Factories

RECEPTION IS ENTHUSIASTIC

Mill Men and Factory Employees
Turn Out in Large Numbers to
Hear Pinchot — Expressions Such
as "I Hope You Beat Penrose" are
Common.

Philadelphia, June 24—Gifford Pinchot, opening here today by taking his fight against Penrose to the gates of the mills and making a direct plea for good government to the workers. He shook hands with thousands and spoke to thousands more. He was given an enthusiastic reception at every point.

The day was one of the most strenuous that Pinchot has yet spent in this present campaign. The candidate was up at five o'clock and out at the gate of the American Engineering company's mills at six. Twelve hundred workmen at this and adjoining mills had a chance to see the candidate. A committee of workers introduced the men to him.

At noon Pinchot went to the Stetson hat factory. The streets were crowded when he arrived, news of his coming having preceded him. He made a short speech to the workmen assailing the anthracite coal trust and declaring that the state has the right to regulate prices. The crowd that wanted to see and hear Pinchot was so great at this mill that the candidate was forced to stay there the better part of an hour.

From Stetson's factory he went to the Frankford Arsenal where three shifts of men are working. Pinchot spent the afternoon at the works, meeting the men at the gates. He was forced to speak there because the men were so insistent on having a few words from him.

In every one of the mill centers that he visited the workmen greeted him with such expressions as "I hope you beat Penrose," "We're against Penrose here," "I hope you win." The defeat of the workmen's compensation act was a live subject of discussion between Pinchot and the workmen, the men holding Penrose and the machine responsible for the defeat of that legislation.

The results of the visits to the mills today was so gratifying that this style of campaigning will be continued all through the summer, the candidate meeting the workmen early in the morning at the mill gates in every town he visits.

LEWIS-RICHARDSON

Well-Known Couple Are Married at
Houtzdale.

Holy Trinity Episcopal church, of Houtzdale, was the scene of a very pretty wedding at noon Wednesday, June 24th, when Miss Margaret Richardson, and William Lewis, were united in holy matrimony by the Rev. Carol Nevada Smith. The bride and groom were attended by Miss Margaret Lewis, sister of the groom, and Robert Richardson, brother of the bride. The bride was attired in a handsome dress of white satin with lace overdress and veil. The bridesmaid wore a beautiful dress of white voile and each carried large bouquets of roses.

The bride is a daughter of Mr. and Mrs. Thomas Richardson, of Utahville, and is a very estimable young woman. After a wedding dinner the bride and groom departed for a wedding tour. Upon their return they will reside at Utahville.

Killed at Stanley.

An unfortunate accident occurred at Stanley mines Thursday morning which resulted in the death of E. J. Brent, the motor superintendent of the mines. Mr. Brent was engaged at his accustomed duties, and in some unaccountable manner he fell in front of a trip and was run over and dreadfully mangled. He lived but a short time. He was 46 years of age and leaves a wife and two children.

Rev. Beebe to Preach.

Rev. A. J. Beebe, former assistant pastor to Dr. Fife in Clearfield six years ago, and who has been a missionary in Siam since leaving Clearfield, will preach in the Presbyterian church Sunday morning and will be present at the Reedsville chapel Sunday afternoon.

PARTY AT WOLF RUN

Friends of Miss Anna Irvin Entertained at Her Home.

Miss Anna Irvin entertained a party of young people, from town, at her home at Wolf Run last evening. The spacious lawn was lighted with lanterns and games were played there. Inside the house the furniture was moved out of the two living rooms and the young people danced there. A delightful supper was served.

The Irvin farm is a beautiful place and everyone wished that they might stay a week rather than an evening. Everyone was given leave to take some of the beautiful roses that grew in abundance.

The guests were: Misses Ruth Clark, Catherine Stewart of Pittsburg, Mary Mann, Laura Bailey, Nora Wall, Ada Knight, Francis Snook, Ethel Homer, of Philipsburg, Ella Drew, Mary Ogden, Gertrude Dougherty, Catherine Remsnyder, Grace Barrett, Preston Knight, Clark Kittleberger, Cress Drew, Hazard Chase, Mr. Deidler, George Barger, Charles Blythe, Lynn Stewart, Lloyd Owens, Martin Stevenson, Helen and Susanna Fulington, and Helen McCorkle.

LEG BROKEN IN RUNAWAY

East End Boy Has Leg Broken in Accident This Morning.

Kenneth Shangro, the 4-year-old son of Otto Shangro, of East End, had his leg broken in a peculiar accident this morning, and a brother, four years older, escaped serious harm when the wagon in which they were riding was overturned.

The two boys were riding in Gifford's delivery wagon, which was drawn by a team of mules. The outfit was going down Sixth street, into No. 2 brickyard, when a work train on the Pennsy frightened the animals. They swerved sharply to one side, upsetting wagon, boys and groceries. The younger Shangro boy became tangled in a wheel, and was dragged for some distance. The tongue of the wagon was broken, and when the mules were released, the wagon ran into one of the brick kilns.

The injured boy was taken to George Breth's on Daisy street, and Dr. Gordon was called. After the little fellow's injuries had been attended to he was taken to his home.

Firemen to Meet.

A meeting of the 4th of July committee, will be held in the Fourth ward hose house this evening to arrange for the parade. All member urged to be present.

BIG MOOSE TELL T. R. THAT HE MUST RUN

Delegation Calls on Former
President at Oyster Bay.

New York, June 26.—Colonel Roosevelt was told by a delegation of some of the foremost moose in New York state at Oyster Bay that he must become the Progressive candidate for governor and that the Progressive party will not take no for an answer. He was told that his nomination is a public necessity, that he is the man "to clean up the state;" that if he won't enlist the party stands ready to draft him and that independents of all three parties stand ready to back him. In the party which went down to Oyster Bay were Theodore Douglas Robinson, chairman of the Progressive state committee; Francis W. Bird, chairman of the New York county committee; George W. Perkins, chairman of the executive committee of the national committee, and others.

When Progressive leaders heard from Colonel Roosevelt's own lips the statement "I will not run for governor" they were amazed, as most of them believed, from information they possessed of what had transpired in party councils before the colonel's departure that the cables from abroad had been untrue.

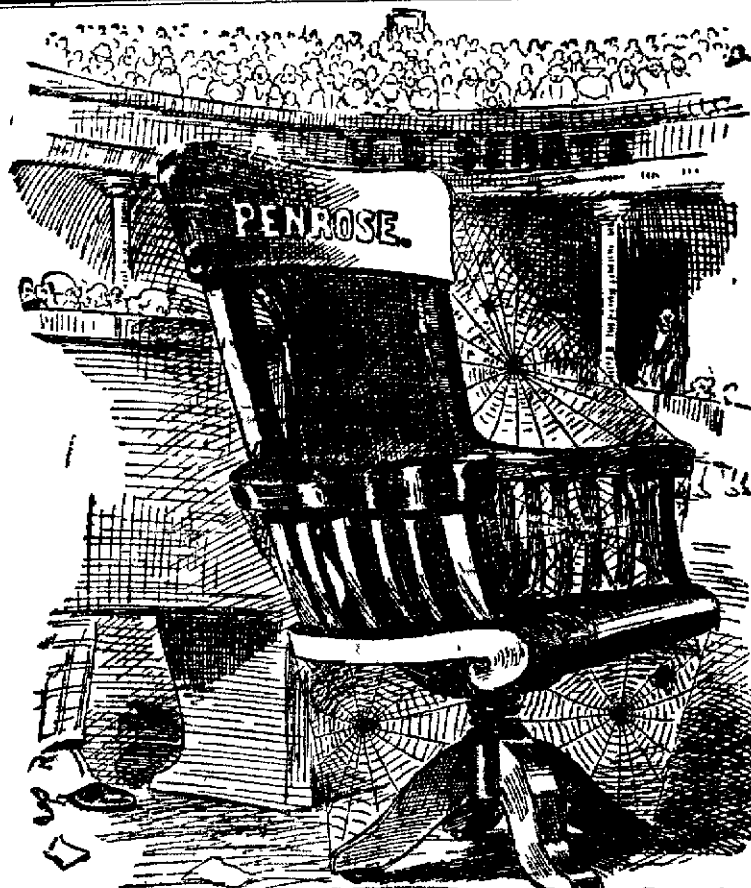

The sentiment among leaders after reading what he said as he reached port is "that's all right, but you've got to run."

So they told him that he must run; that it is his duty and a public necessity.

"WHERE IS OUR WANDERING BONES-TO-NIGHT?"

"Senator Penrose was continuously absent from the United States senate since the first week in January, according to the clerks of the senate. Official records show that he has not voted on a single measure that has come before the senate since the holiday recess. He is now known as the 'persistent absent senator from Pennsylvania.'"—Public Ledger, June 13.

VILLA'S VICTORY AT ZACATECAS

Battle Most Sanguinary of
Revolution.

DISASTER FOR HUERTA'S MEN

Federal Losses 4,000 Killed, 2,000 Wounded and 5,000 Prisoners, According to Villa's Report—Twelve Cannon, 9 Military Trains, 6,000 Rifles and Much Ammunition Captured.

Zacatecas, Mexico, June 26.—After four days of preliminary fighting the final assault on Zacatecas took place on Tuesday, resulting in the capture of the city by the Constitutionalists at 7:30 p. m.

The dead on the federal side, according to official figures, numbered 4,000, and 2,000 were wounded, while the losses to the attacking side were not stated definitely, though General Villa estimated his casualties at 300 dead and 800 wounded. The battle is regarded as the most hotly contested of the present revolution. Fourteen thousand federalists were entrenched in seemingly impregnable positions.

Five thousand prisoners were captured by General Villa's troops. Twelve cannon, nine military trains, 6,000 rifles and three carloads of cannon and rifle ammunition were captured.

The federalists are reported to have blown up many buildings of the city with dynamite before evacuating, killing those of Villa's troops who had occupied the buildings in the street fighting.

General Villa's Report.

General Villa himself gave the following account of the battle.

"After four days' hard attacks came the decisive one. The enemy, numbering 14,000, commanded by Medina Barron and five other generals, were defeated completely by my forces, which were aided effectively by General Natera's men. Up to this moment we have 5,000 prisoners, twelve cannon, nine trains, two carloads of rifle ammunition and cannon shells and nearly 6,000 Mauser rifles and a large quantity of provisions and other munitions of war.

"The enemy, who escaped, went in the direction of Aguas Calientes, after dynamiting the postoffice, the state treasurer's office and the stamp revenue office buildings. The explosions killed many of our men and destroyed part of the city. The dead of the enemy number about 4,000, and there are 2,000 wounded.

"On our part we cannot tell the losses of the battle, which lasted for five consecutive days, but I think there are not more than 500 dead and 800 wounded. Among the latter are Generals Herrera and Rodriguez, who were severely wounded. Our artillery operated splendidly. The federalists destroyed every fort, the last being El Grillo."

Mr. and Mrs. George Townsend, of Williamsport, are visiting Mrs. Townsend's parents, Mr. and Mrs. James Sutton, of Locust street.

COLIDED WITH AUTO

Jack, Little Son of Chas. Kurtz, Injured in Accident.

Jack Kurtz, the little son of Chas. T. Kurtz, was slightly injured near his home Thursday afternoon at about 4:30 o'clock, when the bicycle, which he was riding, collided with an automobile.

Young Kurtz was riding near the bridge, and the automobile, which is said to have been driven by Dr. Flegal, of Karthaus, was coming down Market street at a leisurely rate. The occupants of the car saw the boy on his wheel, but thought he was turning in an opposite direction, when he turned and encountered the automobile.

The boy was thrown to the street, and was seriously but not dangerously injured. He was taken to the hospital, and spent a restful night. An examination developed the fact that no bones were broken, and there were no internal injuries. He will be taken to his home today.

THE BOY SCOUTS

Another Beautiful Lithograph to Be Shown Here Soon.

J. Clark Boyer, of the Clearfield hill posting association has received another lithograph which will be shown on Clearfield boards in the near future. The picture is a companion subject to the ones previously shown. Former pictures including some of the most beautiful illustrations ever shown in this section.

The new lithograph shows the boy scouts and their activities. One panel shows a boy scout preventing boys from stoning an unfortunate dog; another panel shows a boy scout in the act of helping an aged lady over a dangerous crossing. The border of the remarkable lithograph shows the various lines of activities carried on by the boy scouts, and the picture will prove of interest to every youngster in town. It is of remarkable educational value.

WILL GO TO OSCEOLA

A Number of Clearfield Ladies Expect to Attend Meetings.

A number of Clearfield ladies are planning to go to Osceola Mills this evening, to attend the evangelistic meetings being conducted there by Rev. Johnson and his party.

Tonight a special service for women will be held, and the ladies of Clearfield have been given an invitation to be present. Quite a number have signified their intention of going. The party will leave here on the 7:00 train and will return after the meeting on the regular train.

CONFIRMED CHARGE OF UNDERSTANDING

Brumbaugh and Penrose Stand
Hand in Hand

Philadelphia, June 25.—A. Nevil Detrich, chairman of the Washington party has issued the following statement following the statement made in Washington Tuesday by Senator Boies Penrose:

"Senator Penrose has confirmed the charge I made more than a week ago that there is an understanding between him and Doctor Brumbaugh as to the conduct of the campaign. Penrose said: 'Doctor Brumbaugh and I will appear together at a number of meetings.'

"This is proof of the understanding. My original information that 'They would stay apart on the stump,' seems, in the light of the Penrose statement, to have come from those closer to Doctor Brumbaugh than to the senator. It is likely that each misunderstood the other, although all reports of their conferences would make it appear that it was a very harmonious affair. Then Mr. Tilden, who did such magnificent work for Mr. Taft two years ago, has emphatically said that everything was lovely between the two Republican candidates and that they would appear together on the stump.

"It would seem to me that Doctor Brumbaugh owes it to the people of the state to speak out and not permit his political manager, Mr. James S. Hiatt to sidestep the reporters and refuse to give them the news that the state is waiting for. There are people in the state who refuse to believe that Doctor Brumbaugh is covertly allied with Penrose and his liquor and machine forces. These people have a right to hear from Brumbaugh."

WOULD-BE AND HEN AMBUSH

The Confession of One Who
Killed Another

HIGHWAY ROBBERY

Two Men Held Up Patrick Barry, Near Leonard Creek, Clearfield. Would-be Robbers Shot, One Captured by the Police, the Other Escaped.

Two arrests were made by the local police department yesterday which reflect considerable credit on the force, when Anthony Haffner and Patrick Barry were held up on the highway near Leonard creek. The crime with which the charged was one of the heaviest attempted in this place.

Last Saturday evening about 8 o'clock, Patrick Barry, after having some money in his pocket, was followed by two men to a garage near the Leonard creek where he lived. One of the men stepped up to him, and with a piece of lead from the sidewalk, hit him on the head. The blow stunned Barry for a moment, and when he looked up he saw the would-be robbers made their escape.

The police believing that Barry and Haffner were the guilty parties, watched them, and Haffner was recaptured Thursday evening on Market avenue. After his arrest, it was found that Barry made a full confession of the crime, and that Haffner was the one who shot at the two men.

The arrests was a clever piece of work on the part of Chief Haffner, and Haffner and Constable Haffner.

Barry, when he stood up the next day was not certain that they were the men who had followed him with the intention of robbing him of his money, but the confusion appears to settle the matter beyond doubt.

A PLEASANT AFFAIR

Festival Given by Epworth League Was Well Patronized.

The festival given by the members of the Epworth League of the Methodist Episcopal church last evening was a pleasant affair, and was well patronized by the young people and friends of the church.

Ice cream and cake was served, the sum of ten cents, and a very large amount of money was realized, but the festival was not held for the express purpose of making money. Each year the Epworth League gives two or three social affairs, of which are free. Last evening's festival was held on the broad porch which afforded a delightful place for the entertainment.

Prof. H. Clark Thorpe's excellent chivalry the occasion with much.

Alex. Bell Has Taken Agency for the Popular Car.

Alex. Bell, of West Clearfield has taken the agency for the Buick car, which is very popular in all sections of the country, and in which promises to become well known in Clearfield.

Mr. Bell recently sold a car to Miss Smith V. Wilson. The car was delivered to her last Saturday, and is attracting the favorable attention of car-driving public.

Entertained Young People.

Miss Augusta Mitchell entertained a number of her friends at her home last evening. They were: Ann Miller, Della Boehm, Katherine Miller, Helen Fullington, Emma Sylvia Kramer, Katherine Thayer, Lillian Kennard, Tow Warren, of Philipsburg, Frank and Lillian Shugart, Wilson and William Brumbaugh. Delicious refreshments were served, and games played and everyone thoroughly enjoyed themselves.

Kane's Largest Gas Gunner.

Kane, Pa., June 25.—A 12-gauge foot gas well was drilled in this afternoon on the Kaney lease at Kane, 10 miles south of Kane. The gas is unquestionably the largest with the exception of the famous Kaney well at Wellmore, over 2,000 feet in this section.

The well is owned by the Standard Oil and Gas Company of Cleveland, and was struck at a depth of 2,000 feet.

IMPORTANT DATES.

Two-day celebration of the Fourth
of July in Clearfield, July 3 and 4.
National Star Spangled Banner
centennial, Sept. 6 to 13.
Labor day, September 7.
Columbus day, October 12.
Thanksgiving day, November 26.
Christmas, December 25.
General election, November 3.

WHAT?

What is your private opinion of
this summer weather?

Good evening! You can help to
make the Fourth of July celebration
a success, even if you do no more
than quit knocking those who are
doing what they can to make it a
success.

LABOR'S FRIEND.

Both of the Washington candidates
for office—William Draper Lewis, for
governor, and Gifford Pinchot, for
United States senator—have proven
themselves the earnest and honest
friends of the workingmen. These
candidates do not talk for effect when
they urge the passage of laws for the
advancement of the interests of the
laborer. Both of them are honest
when they declare that the condition
of the workingmen should be improv-
ed.

Too often the workingmen have
been deluded into false hope through
the hypocritical promises of candi-
dates for office. Too often the wage
earner has been fooled by the false
promises of men who sought office
for the salary attached thereto, not
because they desired to be in a posi-
tion to advance the interests of the
people. Lewis and Pinchot are not
to be classed with such hypocrites.
They believe that it is the duty of
every public officer to see that the
workingmen receive their just dues,
and if elected these candidates will
not disappoint those who place faith
in their honesty and integrity.

A FILTHY HABIT.

Spitting on the sidewalk is at once
a filthy and unwholesome habit. It
is filthy because the spittle on the
walk is disgusting to the eye, and it
is unwholesome because the expecto-
rations from the mouths of those
who are affected with disease germs
tend to spread contagious and infec-

tious diseases. Physicians know that
spitting on the sidewalk is a prolific
source of disease.

Clearfield has an ordinance on the
statute books which prohibits spitting
on the sidewalk. This ordinance was
adopted by borough council in 1908,
six years ago, and if it has been en-
forced against offenders since then
the writer is not aware of it. The or-
dinance prohibits spitting on the side-
walk and provides a penalty for viola-
tion of the law of one dollar for each
offense. If the fine is not paid within
ten days after conviction the offender
may be committed to the lockup for a
period not exceeding eight hours and
not less than four hours.

In nearly all of the cities and towns
of the state the anti-spitting laws are
enforced. In those towns the citi-
zens are taught to walk to the curb
and expectorate when necessity de-
mands, and the sidewalks are free
from filth of this nature. It would
require but a few arrests and the im-
position of but few fines to teach
those who indulge in the filthy practice
of spitting on the sidewalks in Clear-
field to teach them a much needed
lesson. We refer this matter to Bur-
gess Callahan.

After Huerta, what? Why, Villa and
then Carranza. Every one of the Mexi-
can cutthroats must be eliminated be-
fore peace will come to that na-
tion.

From the noise they make at night
it is evident that the dog catcher did
not corral all of the worthless curs in
this town.

RECOMMENDATIONS OF
CONCILIATION BOARD

Commissioners Report on West
Virginia Situation

Following are the recommendations
of the commissioners of conciliation
who took under advisement the strike
situation in West Virginia:

To the Miners and Operators of the
Kanawha District of West Virginia,
who are now in dispute and whose
mines are idle and men are on
strike:

We, the undersigned, Commission-
ers of Conciliation, duly appointed by
the Secretary of Labor, recommend:

First. That the mines resume at
once and the scale of 1912 be renewed
for a period of two years, for the rea-
son that we do not believe that there
should be any change made in the
terms and conditions of that agree-
ment at this time or under the present
business conditions.

In the event that either party is un-
willing to adopt this recommendation
we would then recommend that the
miners return to work at once under
the following conditions:

First. That the same wages be paid
as were paid when the mines were
closed down.

Second. That the operators pay the
check-off for dues and assessments,
not to exceed \$1.10 in any one month,
to the treasurer of the Local Union of
the United Mine Workers of America,
deducting the same from the wages of
their employees for whom a scale
agreement is made, when authority for
such deduction is made in writing and
releases the company from liability.

Third. That a commission consist-
ing of three persons, one to be se-
lected by the miners, one by the op-
erators, these two to select a third,
and, in the event of their failure to
select a third, then ten days from
date the third member to be appoint-
ed by the Secretary of Labor from a
list of five names jointly agreed up-
on to be transmitted to him within five
days from the date of this recom-
mendation, and, in the event that no
list is transmitted the Secretary of
Labor shall then appoint the third
member of the commission; this com-
mission shall be empowered to inves-
tigate and determine the actual wages
paid for all classes of labor, and the
tonnage rates, including such yardage
as was provided for in the last scale
agreement, in any and all mines which
mine the same grades and character
of coal, and which ship to the same
markets at the same freight-rate in
competition with the coal mined by the
operators of the Kanawha district of
West Virginia.

Fourth. The commission shall also
be empowered, upon completion of its
investigation, to fix the wages for all
such labor, and tonnage rates, in-
cluding yardage, which shall be paid
by the Kanawha Operators' Associa-
tion to the miners in their employ dur-
ing the life of a scale agreement
which shall be immediately entered
into by the Kanawha Operators' as-
sociation and the United Mine Work-
ers of America, District No. 17, upon
receipt of the findings of a majority
of the commission.

Fifth. The commission shall render
a decision within thirty days after its
selection and the expenses of the com-
mission shall be paid jointly by the

United Mine Workers and the Kana-
wha Operators' Association.

Sixth. The scale agreement signed
upon receipt of the decision of the ma-
jority of the commission shall be re-
troactive and cover the wages paid
from the date of resumption.

We also recommend that rules shall
be formulated in the new contract
which shall provide for the settlement
of disputes which may arise through
commissioners from the parties to the
contract, who failing to settle a dis-
pute shall refer the matter in dispute
to a board of arbitration; and that
a further rule shall be made which
shall enforce the carrying out of the
contract by both parties thereto.

Respectfully submitted,
CHAS. W. MILLS
PATRICK GILDAY
A. L. FAULKNER
Commissioners of Conciliation.

ANOTHER LODGE NIGHT

Mystic Chain Night at the Tabernacle is Well Attended.

The tabernacle was filled as usual Thursday night when Rev. Johnson preached to the Knights of the Mystic Chain. These knights, before coming to the tabernacle, led by the Osceola band, marched around Curtin street and over Lingle street and then to the tabernacle, where seats had been reserved. The lodge had requested that the choir sing, "All Hail, Emmanuel," which they did in a splendid manner. The order then sang, "Blest Be the Tie That Binds."

Mr. Johnson never preached a more helpful sermon than the one that followed the musical opening. He preached on "Old Belshazzar's Feast," reading it on the text, "Thou art weighed in the balances and art found wanting."

In his sermon he asked that his audience think of four classes of people, "the most moral man you know," "the worst infidel you know," "the biggest church fraud you know" and "the worst man or woman you know in Osceola Mills." He proved by the Word of God that these people will be weighed in the balances of life and will be found wanting unless they amend their ways.

After the sermon Rev. Johnson and Prof. Weaver sang that most beautiful song, "Over the River," in a very impressive manner.

When the invitation was given, about 15 people came and surrendered to Christ.

Tonight the service will be for "women only." Reservations for seats have been made from Houtzdale, Philipsburg and Sandy Ridge, and the parade promises to be one of the best of the campaign.

Among the visitors at the tabernacle meetings yesterday were Rev. John Glenn, pastor of the M. E. church at Philipsburg, and Rev. Hartman, pastor of the M. E. church at Tyrone.

ONE DEAD; TWELVE HURT.

Motorman Lost Control on Incline and Trolley Jumped Rails.

Lorain, O., June 26.—One man was killed, another probably fatally injured and eleven others hurt when a Lake Shore Interurban car jumped the rails near here.

Elias Bopp, motorman, Norwalk, O., was crushed under the car and instantly killed. Irvin Brooker, Lorain, riding a motorcycle alongside, was crushed. He is lying in St. Joseph's hospital.

The motorman is supposed to have lost control as the car, running "special" from Vermilion to Beach Park, descended an incline.

LARGE CHINESE CITY SACKED.

Kalgan, Near Great Wall and on Caravan Route, Looted.

London, June 26.—The town of Kalgan, 125 miles northwest of Peking, was sacked. Foreigners in the city were not harmed. Dispatches give no details of the looting of the city or as to the fate of the Chinese troops stationed there.

Kalgan is an important commercial city of more than 60,000 inhabitants, situated on the caravan route to Siberia and near the Great wall.

Results of Villa's Victory.
El Paso, Tex., June 26.—The taking of Zacatecas by Villa's troops places the entire northern part of Mexico and much more than half of the republic's territory in the hands of the Constitutionalists. It marks another stage in the race of three rival Constitutional leaders to Mexico City.

General Villa, from Zacatecas, probably will move against Aguas Calientes almost directly to the south, whence the remnants of the Zacatecas garrison retreated.

Belva Lockwood Injured.
Washington, June 26.—Miss Belva A. Lockwood, the only woman who ever ran for the presidency of the United States, fell in her office here and suffered a broken arm and shoulder. Miss Lockwood is eighty-four years old, but her physicians said she would recover unless complications set in.

SERVICES AT OSCEOLA

Interesting Meetings Planned for the Coming Week.

This has been a full week at Osceola Mills. Almost every night was taken by some special program and every one displayed deep interest by turning out and adding interest by their presence.

Tuesday night was P. O. S. of A. night. On that night a special train was run from Ramey, and Houtzdale, bringing the members of the lodges from those towns. There were representatives present from Philipsburg, Sandy Ridge, and together with the members of the home lodge they made a splendid parade. The Osceola band met them at the train and they paraded before going to the tabernacle. The band played a selection of national airs in honor of the patriotic sons.

There was also a delegation from Mt. Union to which place the evangelistic party goes after their summer vacation. The representatives from Mt. Union were Rev. Wilcox, minister of the M. E. church; Rev. Todd, of Presbyterian church Mr. Welch, editor of Mt. Union Times and Mr. Ewing business man. These gentlemen were greatly pleased with Rev. Johnson and are eagerly awaiting his arrival among them.

Thursday night, June 25th, the Knights of Mystic Chain attended the meeting in a body.

Friday night, June 26th, will be women's night. On that night Evangelist Johnson will speak to ladies only at 7:30. An invitation has been given to the ladies of Clearfield, Tyrone, Philipsburg, Houtzdale, Ramey, and wherever there are ladies that want to attend to be present and hear Rev. Johnson. There will be a parade of ladies before the meeting at the tabernacle.

Saturday night, June 27th, the children's booster choir will sing for the audience. These young people have gained the hearts of every one who has heard them. Prof. W. W. Weaver, their able director has wonderful control over the young folks, his wonderful personality seems to control them and there is very little confusion if any when they are on the platform. Everyone come and hear the little boosters, for they certainly boost any meeting in which they sing.

Sunday morning at 10:30, Rev. Johnson speaks at the tabernacle.

Sunday afternoon at 3:00 the evangelist will speak to men only in the tabernacle. Arrangements have been made to have the railroad men and the shop men attend in a body at this meeting.

At the same hour in the M. E. church Mrs. Johnson will speak to the ladies.

Sunday night at 7:30 Rev. Johnson again speaks at the tabernacle.

Monday is rest day for everyone.

Tuesday, June 30th, the united body of miners will attend the services in a body.

Wednesday, July 1st, will be Odd Fellow's night. On that night a special train will run from Ramey and Houtzdale, bringing the friends from those towns.

Thursday, July 2nd, will be Red Men's night.

Wednesday, July 8th the Knights of Malta will attend in a body.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys Occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, say a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

LIST GROWING

Parade Participants Should Register With Committee at Once.

To every member or participant of the big parade, July 4.

Nearly two weeks has passed since our registration began, since which time information has reached your committee that in a number of cases where but one float was anticipated two and three are being prepared and will be in the parade. Others have changed from horses to automobile. These changes and additions necessitate an entirely new list.

The feasible parade ground in Clearfield is from Walnut on the south to Reodon the north, including Front, 2nd, 3rd and 4th streets accommodating at one time not over 1½ miles of parade. With many six horse floats and large automobiles, ample room must be arranged and provided for at any and all corners to prevent accidents, giving absolute security to all who join in this celebration as well as those who view it.

A practical route must be outlined and advertised, a sufficient number of aids secured and the Burgess given ample time to provide police protection. To do this systematically and to the best interest of everyone concerned, it is desired and urgently requested that every participant in the big parade will register with the committee before Monday, 10 P. M., June 29, at their headquarters, on North Second street.

If inconvenient to call, please mail postal stating number of floats, size horses, or auto.

Wednesday, July 1, you will be notified of your division, the street and time of formation. Every member will be expected to be in position to move with his division. The parade will move at the hour and minute we advise.

It will be the largest, most representative showing ever seen in this section of the state, hence our early warning of promptness, that it may be thoroughly successful in every detail.

E. E. JIMESON, Secretary.

NEW WITNESS IN MRS. ANGLE'S CASE

Police Say Divorcee Had Row
With Ballou In Auto.

MANY POINTS TO CLEAR UP

Woman Held as Witness Passes Restless Night—Her Wealthy Father to Spend Fortune to Establish Her Innocence—Friends Scout Talk of Foul Play.

Stamford, Conn., June 26.—Mrs. Helen M. Angle, wealthy divorcee, held without bail as a material witness in connection with the mysterious death of Waldo R. Ballou, prominent manufacturer and politician, was a witness at the inquest just begun and was ready to tell the coroner's jury everything as to how Ballou met his death by a fall after leaving her apartment.

A mysterious young man, said to be prominent in Stamford, was located by the police and will be an important witness at the inquest. He is said

Mrs. Helen M. Angle.

to have accompanied Mrs. Angle, Ballou and another woman on an automobile party on the afternoon preceding Ballou's death. It is understood he will tell of the quarrel in the automobile, which caused Ballou to begin drinking.

The preliminary session of the coroner's inquest brought out several pieces of testimony favorable to Mrs. Angle, chief of which was the testimony of Dr. George Sherrill that the large fracture in Ballou's skull might have been caused by a fall as well as by a blow from a blunt instrument.

In addition to this, it was testified that the largest amount of blood, which streaked the walls and stairs in the lower part of the building, was found on the landing where Mrs. Angle said she picked up the body.

The handsome divorcee hysterically protested her innocence while she clung to the arm of her father, Leonard Blumhert, retired coal merchant, as he tried to calm her by saying that the tragedy would be quickly cleared up. The father declared he would spend his entire fortune if necessary to establish his daughter's innocence and clear the mystery.

Chief of Police Brennan declared he had discovered some evidence of a startling nature in his overnight investigation.

Mrs. Angle declared Ballou met his death as a result of a fall down the stairway in the Rippowam building and denied emphatically any quarrel had preceded the accident.

"He had been drinking when he fell," said Mrs. Angle. "He had just left my apartment. I heard him fall and hurried downstairs. He was unconscious as I called him by name and shook him, but he did not answer."

Says She Feels Scandal.

"I was in a panic. My first thought was to tell the police. Then I thought of the scandal it would make. I decided to pick Ballou up and carry him down to the front door. I felt he would be found there in a few minutes. He was very heavy, but I managed to get him there."

Then I went back to my apartment

on the third floor and got a cloth and tried to wipe up the bloodstains. I found his straw hat on the stairs. I took this with me, and when I got in my apartment I found my skirt and waist had been splashed with blood. I put these articles in a chest."

Several thorough searches of Mrs. Angle's apartment have revealed no weapon such as would have been necessary to have caused the wound in the man's head.

Mrs. Angle's friends ridicule the idea of foul play, declaring there was no motive. Ballou had long been regarded as a suitor of the pretty divorcee.

TWO KILLED IN AUTO CRASH.

Four in Second Car Escape With Injuries.

New Brunswick, N. J., June 26.—Two men were killed and four people were injured when two automobiles collided on the Metuchen road.

The dead men, Frank Moore and Harry Carstens, both professional chauffeurs, were riding together in a powerful racing car owned by Conrad Seyboldt, a contractor for whom Carstens worked. William Taylor, assessor of Highland Park, with his wife, Miss Blanche Lucas, a neighbor, and Clementine Elkrode, who were in the other car, escaped with more or less serious cuts and injuries. Miss Lucas, whose leg was broken, was worst hurt. A dog, which was on the front seat with Mr. Taylor, was killed.

Mr. Taylor claimed he was on the right side of the road and that the racer from Perth Amboy tore down upon his car on the wrong side. The big car reared on end and turned over, catching its occupants beneath. Both men were unconscious when taken out. They were hurried to St. Peter's hospital, but their skulls were so badly fractured that they died within a short time.

YOUNG GIFFORD ON TRIAL FOR MURDER

College Student Facing Charge
of Killing Chauffeur.

Albany, N. Y., June 26.—The fight for the life of Malcolm Gifford, Jr., the Hudson society youth charged with the murder of Frank J. Clute, opened in county court.

Indications were that the trial would last a week or ten days. William Travers Jerome, counsel for young Gifford, expressed this belief. When young Gifford, in custody of the sheriff, reached the courtroom he found waiting for him his father, mother, brother, Benedict Gifford, and a young woman friend of the family, Miss Mary B. Gleason of Troy.

The youngster was dressed in a neat dark blue suit, and his whole appearance would suggest a college boy rather than a young man charged with murder. On his well formed face there was a look of sadness and just a glint of moisture in his eye. He was a little pale, but there was no trace of nervousness about him.

As his eyes rested on his mother he impulsively rushed toward her and kissed her twice. The mother mumbled something in his ear, and he shook his head and said in a low tone, "Yes." He then turned to his brother and finally to Miss Gleason. He did nothing more than nod to his father.

Suspicion that the father and son were at odds, however, was dispelled a few minutes later when the young man leaned toward the elder Gifford and talked with him for some time. The boy smiled now and then, but the father's face remained expressionless.

The courtroom was jammed long before the trial was called. Most of the onlookers were men, although there was a large gathering of women in the halls outside the courtroom. Young Gifford was the object of constant staring. His every move was watched by the crowd.

During the trial the Gifford family will stay at the home of Miss Gleason in Troy. They will motor back and forth to Albany each day.

If the work of selecting the jury is completed by Friday night the trial will go over until Monday; otherwise the court will sit on Saturday in an effort to have everything ready by Monday, when the taking of testimony will commence.

H. B. CLAFLIN CO. IN RECEIVERS' HANDS

Dry Goods House Owned by
Many Interests.

\$44,000,000 IS INVOLVED.

Suit in Equity Filed in United States District Court by Vice President of Company—Large Number of Interests Held Concern's Paper—Twenty-five New York Banks Involved.

New York, June 26.—Receivers were named for the big wholesale dry goods corporation, H. B. Claflin company. The allied corporations, the Associated Merchants' company and the United Dry Goods companies, are not concerned in the proceedings. The receivers named are Joseph B. Martindale, president of the Chemical National bank, and Frederick A. Julliard. They were appointed by Judge Hand in the United States district court upon the application of John C. Eames, vice president of H. B. Claflin company. His claim was \$3,000 for money loaned. The papers were filed by Corbett & Stearns, counsel for Mr. Eames.

The complaint on which the receivers were appointed alleged that the corporations had liabilities of "several million dollars" and insufficient funds to meet maturing obligations. Richard Walling, representing the Claflin company, admitted the allegations of Mr. Eames' complaint and consented to the appointment of receivers.

The receivers filed bonds of \$500,000 each. The receivership had been anticipated in financial circles. Overextension of credit and business depression, causing customers to fail to meet their obligations, forced the failure. It was confidently asserted that the retail subsidiaries of the Claflin company will be taken care of. The Associated Merchants' and the United Dry Goods company and their controlled companies are not directly involved.

Petition in Bankruptcy.

An involuntary petition in bankruptcy was filed against the Claflin company shortly after receivers had been appointed in the equity suit. Gregg & McGovern filed the petition on behalf of the following creditors: Albert S. Berger, \$28,370; William Worth, \$3,181; John Muller, \$731. The three accounts were for money loaned.

The particular act of bankruptcy alleged in the petition was the consenting of the Claflin company to the appointment of receivers in the Eames equity suit.

It is stated that twenty-five or thirty big New York banks hold paper of the H. B. Claflin company and that probably 3,000 banks in different parts of the country handle business of the company. A meeting of the merchandise creditors of the big concern was arranged by the Merchants' Protective association.

Efforts to Avert Trouble.

The difficulties of the H. B. Claflin company, which have now culminated, have been a long time brewing, and efforts have been made to avert them

without success. Leading financiers were in conference endeavoring to accomplish this end, but the unsettled state of business and financial affairs made it impossible.

Liabilities Estimated at \$44,000,000. Early estimates may prove an exaggeration, but the liabilities of the concern were placed as high as \$44,000,000 in well informed dry goods circles. At one time H. B. Claflin & Co. transacted the largest mercantile business of any house in the world. Its name was a household word. Its credit was the highest known. As a result the Claflin "endorsed bills receivable" became the standard for commercial paper in the country. Banks purchased them eagerly, and the bulk of outstanding obligations is understood to be of that character. In addition, there are heavy banking and mercantile obligations.

Claflin Issues Statement.

John Claflin issued the following statement:

The unprecedented shifting of trade centers in New York has caused great loss to many interests. In the case of the H. B. Claflin company the uptown movement of business has seriously curtailed our wholesale profits and has compelled us to rely mainly on the profits from financing retail stores throughout the country. Their rapidly extending business has occasioned large capital requirements, which we have not been able to meet. A receivership has therefore become necessary pending a readjustment of the affairs of the company. A plan of reorganization for the H. B. Claflin company will soon be presented, which we hope will prove acceptable both to creditors and stockholders.

The Associated Merchants company and the United Dry Goods Companies are not themselves borrowers of money. They are in exceedingly strong financial condition, and the success of their retail stores is assured.

President Wilson agreed to receive on June 30 a delegation of 700 women suffragists representing the organized clubwomen of the country, headed by Mrs. Harvey W. Wiley. They will ask for his support of the suffrage constitutional amendment.

A jury in the circuit court, Jersey City, found a verdict of \$3,500 damages in favor of Mrs. Mary Mayer against Miss Margaret A. McGill, daughter of the late Dr. John D. McGill, for alienating the affections of her husband, Walter Mayer, a chauffeur in Miss McGill's employ.

Hereafter the traveler who hands a Pullman porter a quarter after being picked at with a whisk broom will be liable to a fine of from \$10 to \$1,000, the porter will be equally liable and the Pullman company will not escape if a bill introduced by Senator Works of California becomes a law.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD--END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty, Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now. Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane, which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Attorneys for prosecution and defense said they were ready to proceed with the trial of Malcolm Gifford, Jr., son of a wealthy manufacturer of Hudson, on the charge of slaying Frank J. Clute, an Albany (N. Y.) chauffeur on April 1. District Judge Addington is presiding. Gifford, always cool and tactful, declared that he would enter college this fall. With this end in view he has been studying in prison since his arrest last April. His parents, who arrived in Albany, also expressed confidence in the result.
